

TAKE CARE WHEN COLLECTING OR TAKING DELIVERY OF YOUR WESTERN SHOPPE ORDER:

Sanitise your hands with an alcohol-based sanitiser, or **wash your hands for 20 seconds** with soap and water.

Remember to sanitise after the collection or delivery too.

Wear a mask throughout collection or delivery, ensuring both your mouth and nose are covered.

Maintain a distance from the sales representative or delivery partner at all times. A 2m gap is recommended. The delivery partner will not require your signature for delivery confirmation.

Unbox your order and **discard the outer packaging** (box or bag your order arrived in).

Wipe down any product packaging with sanitising spray.

Store the product packaging until you are certain you are satisfied with your purchase, original packaging may be required for returns.

DISINFECT GOODS BEFORE USE:

CLOTHING AND FABRIC PRODUCTS:

Wash before use following the product wash guidelines.

GLOVES:

Wash before use. Do not spray alcohol-based sanitisers onto gloves with synthetic grip material, it will likely cause damage to the material.

LEATHER:

Use an alcohol based aerosol sanitiser. Spray the leather items 30cm away to avoid stains and patches. Lightly spray the surface, do not wet entirely. Once dry, ensure leather is conditioned to prevent the leather from drying out.

OTHER:

Wipe down with a sanitising solution. Take care when wiping branding on horse boots etc. Strong alcohol-based or bleach cleaning solutions could damage printed detail.
